## TII KAMAG and Aprolis Iberia agree on a partnership for yard logistics vehicles in Spain and Portugal

**TII Group subsidiary, TII KAMAG, the industry specialist for transport solutions for yard logistics, has announced the creation of a partnership with Aprolis Iberia, a renowned specialist for material handling equipment which is based in Madrid, Spain. Through this new partnership, TII KAMAG plans to expand existing and new customer business in the regional yard logistics segment.**

Aprolis Iberia, a member of the Monnoyuer Group which is known internationally as a pioneer in the sales of industrial trucks, related services and corporate solutions, offers customers from a wide range of industries an impressive selection of global, technologically advanced and connected solutions that fully meet the highest quality and safety standards. Their portfolio extends from warehouse logistics equipment such as forklifts and fleet solutions for ports and intermodal terminals through to diverse engineering, lifting, packaging and transport solutions.

The partnership between Aprolis Iberia and TII KAMAG represents a significant step towards an expanded range of yard logistics solutions in Spain and Portugal. TII KAMAG has established itself as an experienced player in this market and is known for its high-quality products and comprehensive solutions. This is also confirmed by Manuel Prats, CEO of Aprolis Iberia: "We are pleased to announce this partnership with TII KAMAG. TII KAMAG's experience and range of high-quality products convinced us that this is the right step to take in order offer our customers in Spain and Portugal first-class yard logistics solutions."

As part of the partnership agreement with TII KAMAG, Aprolis Iberia will also be taking on the sale and rental of the KAMAG Precision Tractor (PT). The KAMAG PT has been specially designed for the precise and fast moving of all common semi-trailers and container chassis at depots. In addition, Aprolis will be responsible for servicing the vehicles and supplying vehicle fleets with spare parts in Spain and Portugal.
